**BAPATLA ENGINEERING COLLEGE
(AUTONOMOUS)**

Vision of the Institute

To build centers of excellence, impart high quality education and instill high standards of ethics and professionalism through strategic efforts of our dedicated staff, which allows the college to effectively adapt to the ever-changing aspects of education.

To empower the faculty and students with the knowledge, skills and innovative thinking to facilitate discovery in numerous existing and yet to be discovered the fields of engineering, technology and inter-disciplinary endeavors.

Mission of the Institute

To impart the quality education at par with global standards to the students from all over India and in particular those from the local and rural areas.

To maintain high standards so as to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

Vision of the Department

The Department of Electrical & Electronics Engineering will provide programs of the highest quality to produce globally competent technocrats who can address challenges of the millennium to achieve sustainable socio - economic development.

Mission of the Department

M1.To provide quality teaching blended with practical skills.

M2.To prepare the students ethically strong and technologically competent in the field of Electrical and Electronics Engineering.

M3.To motivate the faculty and students in the direction of research and focus to fulfill social needs.

IT IS A MATTER OF PRIDE AND DELIGHT OF ENCLOSE A
TREND CARRIED OUT BY “EEE ASSOCIATION” MAGAZINE
“““ELECTRAGE 2022”””
WE HAD A GREAT IMMENSE PLEASURE TOWARDS IT. WE
ARE VERY
MUCH ECSTATIC TO BRING OUT IT. LIKE EVERY YEAR WE
HAVE TRIED
OUR BEST PUBLISH THE ELITE ARTICLES SUBMITTED BY
STUDENTS IN
BOTH TECHNICAL AND LITERARY, AN ADDITION OF
PHOTO AND ART
GALLERY, HIGHLIGHTS OF TECHNICAL EVENTS ALSO
INCLUDED AT THE
END OF MAGAZINE. WE EMPHASIZED OUR INNOVATIVE
TECHNICAL IDEAS THAT ARE PRACTICAL IN THEIR
APPROACH. IT’S A COLLECTIVE WORK OF EEE
ASSOCIATION.
WE SINCERELY THANK OUR HOD, STAFF ADVISOR AND
FACULTY,
WHO SUPPORTED US IN MAKING THIS PRESTIGIOUS
MAGAZINE.
WE ARE ALSO THANKFUL TO STUDENTS WHO PAY THEIR
CONTRIBUTION TOWARDS EVENTS WITHOUT WHOM
THE MAGAZINE WOULD NOT HAVE BEEN POSSIBLE.
WE HOPE THAT OUR ““ELECTRAGE 2022”” SATISFIES ALL
THE
READERS AND DRIVES THEM INTO THE;
“WORLD OF POWER AND IMAGINATION””

EDITORIAL NOTE

From President's Desk.....

Dear EEE students,

I am delighted to congratulate the students of EEE for the enthusiasm towards their magazine " ELECTRAGE- 2K22 " . I think of education as the means of developing our greatest abilities, because in each of us there is a private hope and dream which, can fulfil to benefit everyone and add greatest to the nation. Critical thinking and critical literacy skills are the tools. Students need to develop into active responsible participants in the global community. I believe this magazine will help you in pursuing your goals in a more effective and meaningful way for your success.

Sri. Muppalaneni
Srinivasa Rao

From Vice-President-1 Desk.....

Dear EEE students,

I express my heartfelt wishes to the students , teaching & non-teaching staff of EEE Department for promulgating the departmental magazine “ ELECTRAGE 2K22 ”. These activities empower the students with the experience and ability to work in teams. I wish them a very bright future.

Sri. Doppalapudi
Rama Mohan Rao

From Vice-President-2 Desk.....

Dear EEE students,

I am delighted to know that the EEE department is launching the magazine “ELECTRAGE-2K22” . It is a perfect blend of literary articles, art, photography and wonderful memories of students which reflects their creativity and potential. I am very happy to convey my congratulations and best wishes to all the students and faculty for their efforts in bringing out this magazine. I wish them a very bright future

Sri. Gelli Dileep
Kumar

From Secretary Desk.....

Dear EEE students,

It gives me immense pleasure to pen a few words as prologue to in house magazine (ELECTRAGE - 2K22) exclusively ment for churning out the latent writing talent which bears me immense potentiality as a part of our all personality development. I congratulate all the contributes and the editorial board for bringing out such a response and enthusiastic participation students in the college activities in the recent , past all vouch for this .All the constituents come together and work in union. The expected results are bound to flow keep doing good work.

Sri. Manam
Nageswara Rao

From Joint Secretary Desk.....

Dear EEE students,

I feel happy that the department of EEE is bringing out the departmental magazine“ ELECTRAGE - 2K22 ”. This magazine provides a platform for creative ideas among the innovative brains to exhibit their skills and talents in various spheres of technical and cultural events. I wish the organizers and students who contributed to this magazine a bright and prosperous future.

Sri. Kommineni Hari
Padma Prasad

From Treasurer Desk.....

Dear EEE students,

I feel very happy that the students of EEE brought forward the departmental magazine “ELECTRAGE-2K22”. I admire them for following the academic tradition and participating in all the aspects. I congratulate all the people who involved for making this “ELECTRAGE-2K22” a glorious accomplishment.

Sri. Thalluri
Ramakrishna Rao

From Principal Desk.....

Dear EEE students,

Empowerment of students for their all round development through education is our motto. Today, education means not only acquisition of knowledge and skills, but also building character and leadership. Student's proactiveness in organizing and participating in different events in the campus would confidence in them and empower them with interpersonal skills, team spirit and build leadership qualities. Encouraging such spirit in the students and turning dynamic through such activities is always cherished.

I congratulate all the staff and students of the department of Electrical and Electronics Engineering for their active participation in bringing out the magazine of the department " ELECTRAGE 2K22 . I wish them all success in their future endeavours.

Dr. V. Damodara
Naidu

From The Desk Of The HOD.....

Its my great pleasure to be a part of EEE association and served as a president. With great honour to give this message to the association MAGAZINE of our department. We started this association since 2003 with a great attitude towards the student growth. From this platform our students have exhibit their multifaced talents. Through this our students are participated in various technical events conducted by country's premium institutions without any fear. I strongly believe our students are very strong in academic and non academic activities and spiritual activities. I hope that the same to be maintained in future also.

My primary focus would also be building closer ties between the EEE association and students. I hope to get more and more students being involved in our association activities. I also hope that our student and faculty members will maintain the standard of our department where ever they go.

Through this association magazine, I appeal all the alumni of our department to extend their support to the development of the department. I thank the editorial board members for bringing message in a beautiful and informative manner. Finally, all the best for our EEE students in future for getting a secure job or become an entrepreneur.

Prof. Dr. G Ravi
Kumar

Message from Staff Advisor....

I'm privileged to have been a part and parcel of students activities for years in our college and it is my pride to introduce on behalf of the EEE Association, ELECTRAGE 2022. It is very pleasant to see how the students are progressing year after year in technical as well as other realms. Besides, it is matter of extreme pleasure to see the amount of hard work put in by the student committee of ELECTRAGE 2022 to bring it our successfully in due time.

At the same time, I would like to extend my felicitations to the talented students who have shown consistent performance in academics and extra-curricular activities and brought laurels to the college. We aim to establish Bapatla Engineering College as a globally recognized college and embark on a journey towards excellence.

On this occasion, I congratulate the outgoing batches of students on successful completion of their course of study. I am confident wherever our students will be placed shall work passion, perfection and dedication.

I wish the best for the ELECTRAGE 2022 and also all my students in their journey ahead. God be with you all!!

BAPATLA**

ALUMNI

TRANSFORMATIONAL JOURNEY FROM STUDENT TO SUCCESSFUL PROFESSIONAL

“Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time.” – Thomas A.Edison

Er.M.N.R.Srikanth, M.E.,
Deputy.Manager, BHEL, Hyderabad

Hello my dear Alumni, happy to write this article based on my personal & professional Experience. First feel proud to be a part of BEC, which is known to produce good quality Engineers. I thank EEE department faculty for providing me the opportunity to write this article for our EEE association magazine. I'm a student of EEE Dept (1999-2003) batch. This magazine started in 2001-02 when we were in our 3rd year of Engineering by respected Dr.Abdul Gafoor sir and other faculty members. Inaugurated by , Dr.M.Saidulu sir (NIT, Warangal). Heartily congratulations to all staff and students of EEE department for continuing the legacy. I would like to throw some light on the journey of transformation from student to successful professional. Hope this article will help the upcoming Engineers from BEC EEE stable to be successful in their future endeavors.

Early days of Student career:

After childhood, the most amazing part of every educated person is student life. It is full of memories and aspirations. Everybody should enjoy their student life, without getting carried away by the flamboyance of the youth. Generally, we do not have any responsibilities as a student and will have lot of leisure time. Utilization of the time during this period to fulfill our aspirations holds the key for our success in later part of our life. Manage your time properly to achieve your goals. For example, an Engineering student will have 4 years of time at his or her disposal. Your success depends on the utilization of this time optimally. This makes the difference between early success and delayed success / failure. Planning the future career path by the end of your 2nd year is very vital. We have two options at macroscopic level, go for higher studies or get a job. In our times, most of us did not have financial support from the family owing to the socio-economic constraints. Most of the students were forced to go for less expensive career paths. Times have changed and affordability of the individual had gone up, aiding in pursuing your dreams with financial freedom. Earlier we talked about the two options higher studies & getting job. In case you want to pursue higher studies (M.Tech/M.S/MBA) etc prepare yourself for the same. Make the background study about the institutions you wanted to join, competitive exams patterns, feedback from your seniors etc. Similarly, to get the job of your interest you need to align yourself to the job requirements and prepare for the selection process like campus interviews etc. Most of your time after 2nd year of your Engineering should be on your future career plans.

Search for Job & Selection criteria:

After completion of graduation or post graduation most of the students look for jobs. Some take the route of entrepreneurship and proceed. This is a very tricky phase in everyone's life, the decision we take at this point will decide our future route. If you have a clear plan made during your student period you may proceed with it else take time and take a good decision. Especially for EEE students broadly.

The following are the job opportunities:

Core Industry (TRANSCO,GENCO,INDIAN RAILWAYS, BHEL, NTPC, BEML, SAIL, IOCL, BPCL, ONGC, HPCL,PGCIL, ISRO, BEL, DRDO,

L&T,SIEMENS,GE,SCHINDLER,TOSHIBA,ABB,MITSUBISHI etc)

Non-Core Industry (Software sector, BPO, Financial institutions, Banks, HRM, Marketing etc).

Faculty

After selecting your area of interest to work, dedicate yourself to achieve your goal. Hard work, perseverance, general awareness are some of the traits for success. During this period you should have proper mental balance and be prepared take failures on the path to success. We should have the character to withstand this tough period.

First steps in professional career:

Once you are in to a job, your life changes suddenly. It takes some time to adjust to the daily routines, work culture in the office etc. Will have access to lot of new things at your work place. Money starts flowing in to your accounts. At this stage it is very easy to get carried away but stay grounded. We need to learn the basics of the profession from the seniors and self experience on the job. Remember we learn maximum in the initial years of the job only compared to the successive years of our service. During the initials days of professional career be a obedient listener and observer, don't go for shortcuts as it hampers your understanding the subject completely.

Be flexible and try to offer your help to seniors even if it is not in your scope, this will create a good image for yourself and builds up your self-esteem. It is important to have the clear picture of your professional competitors in the same field. Try to access what are the strengths & weaknesses of your organization and be updated with the current trends in your field. These practices may not give immediate results but in the long run you will have great advantage over others in the organization.

Consolidation in professional life:

Once you complete first 5 years of your service in your chosen field, you no longer carry the tag of fresher. The expectations from the organization increases and responsibilities will be challenging. As we grow in the organization, we shall have to be a good Techno-manager. Techno-manager is a technical person with good managerial skills. Remember, doing work is easy compared to getting the work done by others. In all the organization's teamwork plays a vital role, we need to become a responsible team leader and show the path for to your subordinates. Delegation of work to the subordinates plays a key role in the success of individual as well as the organization. At this stage of your career, you need to get the chores settled in both personal and professional front. Transformation is a natural process with time, be ready to transform in to a better person for the good of the society. Always strive for progress, not for perfection. Be happy and enjoy your life that is what matters at the end of the day.

WINNERS OF TECHNICAL EVENTS 2K22

TECHNICAL RAP SESSION :

1. Ch.Marfi (winner) -- 3/4 -A
(L20AEE457)
2. P.Aswitha (Runner) -- 4/4 -A
(L19AEE524)

CIRCUIT DEBUG :

1. T.Chakith 3/4 -B (Winner) -L20AEE512
B.Rajeev 2/4 -A (Winner) -L21AEE432
2. S.Yadagiri 3/4 -B (Runner) -L20AEE505
B.Johny 2/4 -B (Runner) -L21AEE402

MODEL PRESENTATION :

1. M.AkhilSrinivas 2/4 -A (Winner)
(Y20AEE444)
CH.Marfi 3/4 -A (Winner)
(L20AEE457)
2. D.Deepika Madhuria 2/4 -B (Runner)
(L21AEE404)
M.Nissela Margarate 2/4 -B (Runner)
(Y20AEE448)

TECH WORD RECKON :

1. M.Vamsi 3/4 -A(Winner)
(L20AEE487)

B. Johny 2/4 -B(Winner)
(L21AEE402)

2. T.Chakith 3/4 -B(Runner)
(L20AEE512)

B.Rajeev 2/4 -A(Runner)
(L21AEE432)

TECHICAL SHORT GUN :

1. M.Aneesh 3/4 -A(Winner)
(L20AEE486)

K.Srinu 2/4 -A(Winner)
(L21AEE409)

I.Rohith 4/4 -A(Winner)
(Y18AEE417)

2. P.Shivaji 3/4 -A(Runner)
(L20AEE500)

R.Ramya 2/4 -B(Runner)
(Y20AEE469)

V.Bala Bhargavi 2/4 -B(Runner)
(Y20AEE483)

LIST OF SPORTS WINNERS 2K22

MEN'S

CIRCKET:

1. *M.Dattasai (c)* Y19AEE419
2. *Sai Manikantha (vc)* L20AEE453
3. *P.Chaitanya* Y19AEE425
4. *l.v.r.m Shankar* L20AEE484
5. *S.Vamsi* Y19AEE431
6. *Shankar rao* L20AEE483
7. *M.Anil* Y19AEE418
8. *Madhusudhan rao* L20AEE466
9. *M.Munna* Y19AEE417
10. *S.Narasimha* Y19AEE434
11. *Abhinashreddy* L20AEE469
12. *Chandu* L20AEE468
13. *R.Yaswanth* Y19AEE428
14. *V.Raja vardhan* Y19AEE439

LIST OF SPORTS WINNERS 2K22 Women

ThrowBall :

1. M.Nissela Margarate -- 2/4 -B Y20AEE447
2. R.Ramya -- 2/4 -B Y20AEE469
3. M.Hemanjani -- 2/4 -B Y20AEE448
4. P.Jahnavi -- 2/4 -B Y20AEE462
5. CH.Swathi -- 2/4 -A Y20AEE418
6. A.Swathi -- 2/4 -A Y20AEE407

KHO - KHO :

1. K.Haswitha -- 3/4 -B L20AEE476
2. M.Nissela Margarate -- 2/4 -B Y20AEE447
3. R.Ramya -- 2/4 -B Y20AEE469
4. M.Hemanjani -- 2/4 -B Y20AEE448
5. A.Swathi -- 2/4 -B Y20AEE407

CARROMS :

1. Y.Revathi -- 3/4 -B Y19AEE440
2. S.Hema Sushma -- 3/4 -B Y19AEE429

A TRUE FRIEND A PRICELESS TREASURE

Summary:

This story is about three friends and how they succeeded in their life by helping each other. How friendship plays a vital role in everyone's life. Once there lived three best friends in a village named DURGA RAO, RAM, and MEGHANA.

story:

Durga Rao is from a poor family. His father sells Toddy palm and his mother sells baskets made of bamboo to reach their daily needs. Ram is from a middle class family, his father is a clerk in a small office in his village. Meghana was born in a very rich family. Her father was a famous businessman in a city. He was very affectionate about his town. So, he made his family to live in the town. So Meghana studied in her town along with Durga Rao and Ram.

Durga Rao, Ram and Meghana are best friends since their childhood. Durga Rao has stuttering (inability to speak properly). They are such best friends that Ram and Meghana can even guess the words of Durga Rao though he stutters the words. This shows the friendship among themselves. They even joined in the same school to stay together. After completion of schooling they even joined and completed their Engineering in the same college.

Durga Rao's parents made him study Engineering even though they are poor. So Durga Rao decided to get a good job. Meghana's father wanted to grow his business so, he wanted to make Meghana's marriage with his business partner. But Meghana doesn't want to marry and wanted to start her own business. But her father was not accepting for it. Meghana was so disappointed for it. Ram didn't want to work under someone like his father, as Ram saw the struggle faced by his father when he worked as a clerk. So he decided to do something on his own.

Durga Rao went for an interview. His mind was filled with lots of hope and dreams to get a job and to clear all his family problems and make his parents happy. On the other side, Meghana told everything about the incident happened between her and her father. Then they both went to her father to convince him not to make marriage. But her father wasn't convinced and after so long time her father convinced and gave her an offer to start a business of her own in a period of one year. If her father feels her worthy for his business then she can continue her business. Meghana felt so happy for her father's offer.

Durga Rao couldn't perform well in the interview due to his stuttering. He is not selected for the interview. He entered the interview with lots of hopes and dreams and returned back with the huge disappointment. He was unable to show his face to her mother who is eagerly waiting at home. He started to think about his parents by sitting on the footpath and wanted to commit suicide and ran against the bus coming on the road. Durga Rao was hit by the bus and hospitalised. He needed about 6 months of bed rest.

Ram and Meghana became so sad by seeing Durga Rao's situation. They came to understand that his disability is the reason for denying him in the interview. So they both wanted to do something regarding this to make his friend speak clearly. So they start creating a device to make his friend

Speak clearly .

AFTER 6 MONTHS

Durga Rao successfully passes the interview which was failed in the past and got a job. Ram and Meghana successfully started a company which builds the device for the people who stutters.

Ram stands independently and works independent and doesn't work under any other. Meghana proves her worthy before her father being the owner of the company .

Moral:

**GOOD FRIENDS SHOWS LOVE IN THE
TIME OF TROUBLE NOT JUST IN TIMES
OF HAPPINESS.**
