

25. Future Goals of Dept. of Mathematics, Bapatla Engineering College

Dept. of Maths has outlined several initiatives for the upcoming academic year 2024-25.

Firstly, the Department of Maths is planning to conduct GATE classes for third and fourth year students as they prepare for GATE-2025.

Secondly, the Department of Maths intends to continue an International Faculty Development Program and an International Workshop.

Thirdly, the Department of Maths is also promoting research activities among the faculty by taking constructive decision to publish a possible number of research papers in the academic year 2024-25.

Fourthly, the Department of Maths has encouraged all staff without a Ph.D. to register for Ph.D. admission.

Fifthly, the Department of Maths is planning to conduct an International Conference, and the Dept. of Maths has also advised all faculty members to complete an NPTEL course during the academic year 2024-25.

Finally, the Department of Maths expresses heartfelt gratitude for the support extended by the Management and Principal Sir.
