

5. Message by Dr. Nazeer Shaik, Principal, Bapatla Engineering College

Dear HOD & Faculty Members, Dept. of Mathematics,

It gives me immense pleasure to acknowledge the remarkable work being done by your department, especially in the publication of Dept. Magazine: *Ganitha Darpanam*. This magazine has become a symbol of intellectual growth and academic excellence, reflecting the collaborative spirit and deep commitment of all faculty members of the Maths Dept.

The title, *Ganitha Darpanam* itself, meaning "The Mirror of Mathematics" is a thoughtful and profound representation of the department's vision, aiming to reflect the depth and significance of mathematics in both academic and real-life applications.

The initiative to publish *Ganitha Darpanam* not only highlights the importance of mathematical knowledge and its applications but also provides a valuable platform for students and faculty alike to showcase their research, insights, and creative ideas. It stands as a testament to your collective passion and drive towards promoting mathematical thought and innovation.

Your consistent efforts in organizing International Faculty Development Programs and International Workshops, each attracting an impressive number of nearly 1,000 participants, along with various other academic initiatives, have already placed the department in high esteem. I am confident that the publication of this magazine will further enhance the department's reputation.

I would like to extend my sincere appreciation to the entire Mathematics Department for paying a heartfelt homage to Dr. N. Prabhakara Rao garu, our respected former HOD and Professor of the Department of Mathematics, BEC. Your thoughtful gesture in honoring his contributions and legacy is truly commendable and reflects the deep respect and admiration you hold for a great academician and mathematician who has left a lasting impact on the department.

This tribute not only keeps his memory alive but also inspires the entire department to carry forward his vision and dedication to mathematics. I deeply appreciate this heartfelt tribute, conveyed with such sincerity and respect.

Thank you very much for your hard work and dedication and for setting a high standard for others. I wish you all the very best in your future endeavors and in the continued success of *Ganitha Darpanam*.

With warm wishes,
Dr.Nazeer Shaik
Principal, BEC, Bapatla.
