

6. Special Gratitude to Our magnanimous Management, Bapatla Education Society & Our beloved Principal Sir

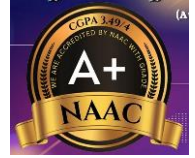

I would like to express my deep gratitude to the college Management, Bapatla Education Society and our beloved Principal Sir for their unwavering support in providing academic support for the benefit of both students and faculty. I am also thankful for the Management's encouragement in organizing various national and international conferences, workshops, seminars, faculty development programs (FDPs), and short-term training programs (STTPs). Additionally, I appreciate the financial assistance provided by the management for paper presentations at conferences and other important staff training programs. It's worth mentioning that they have been actively promoting research activities by granting study leaves, purchasing online and offline journals for the library, and acquiring necessary software and equipment to enhance the facilities in our laboratories.

The college's physical facilities are well-maintained and generous. The Management provides mineral water throughout the college, hygienic food in the canteen with subsidized rates, a spacious playground, bus facilities, an ambulance, a health center, and greenery. The ambiance is maintained perfectly throughout the year. Furthermore, the Management encourages students by awarding cash prizes to meritorious students at both departmental and college levels. Moreover, faculty members are recognized with cash awards such as the Department Best Teacher Award, the College Level Best Teacher Award, and the College Level Best Professor Award.

I express our special gratitude to our Principal Sir for his active involvement in convincing the Management to acquire all the items mentioned above in a timely manner. Our Principal Sir also played a vital role in achieving significant milestones for the college, such as obtaining an NAAC A+ grade (with a score of 3.49), NBA accreditation for several departments, ISO Certification for the college, UGC Autonomous extension for the next 10 years, securing 6th place in private engineering colleges in A.P and 6th Place in research filed among others in the Times of India Survey.

The majority of these achievements can be attributed to the visionary and strategic management of the Bapatla Education Society. Furthermore, the influential leadership and constructive guidance of our beloved Principal: Dr. Nazeer Shaik garu , have played a significant role in shaping our institution's successful journey.

Lastly, I sincerely thank our esteemed faculty members for their support in various aspects, whenever and whatever needed.
