ABOUT THE COLLEGE

Bapatla Engineering College (Autonomous) was established by Bapatla Education Society in the year 1981 and is reckoned for its academic excellence in engineering & sciences. It is a constituent institution of Acharya Nagarjuna University and is one of the best private engineering institutions in the southern region accredited with 'A+' by NAAC. BEC offers graduate courses in 10 disciplines, five PG courses in Engineering and four PG courses in Sciences. The College is a little away from the din and bustle of Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. All departments have well equipped laboratories in addition to the common facilities of workshops, central library, state-of-art central computing facility, sports facilities and Innovation Centers that houses research and testing facilities for industrial projects and technology labs to promote inter-disciplinary research activities.

ABOUT THE DEPARTMENT

Established in 1981, the Department of Chemistry boasts a team of experienced, highly qualified, and dedicated faculty members with diverse specializations. Currently, nine doctorates contribute to the department's academic excellence. The department oversees engineering chemistry and environmental studies for B.Tech as well as Diploma courses, and offers M.Sc. Chemistry program specializing in Organic Chemistry and Analytical Chemistry. Recognized as a Research Centre by Acharya Nagarjuna University, it conducts research for M.Phil and Ph.D. courses. With a noteworthy accomplishment of publishing numerous research papers, the department has significantly contributed to the college's recognition in prestigious journals. The cumulative research publications of our faculty members exceed 250, reflecting the department's commitment to advancing knowledge in the field.
